

BUILDING SKILLS. BUILDING CONFIDENCE.

PREPARING YOUTH FOR WHAT'S NEXT.

A Team Approach

The campus program provides a daily, high structured curriculum monitored by the entire direct care team designated for each cottage.

A STEPPING STONE TOWARD INDEPENDENCE

WE ENCOURAGE YOUTH TO VIEW OUR
OLDER YOUTH, INDEPENDENT LIVING
PROGRAM AS A VALUABLE NEXT STEP
TOWARD ACHIEVING INDEPENDENCE.

TIMELY ACCESS TO PSYCHIATRIC CARE

Through our partnership with St. Luke's Penn Foundation Mental Health Services, youth referred to The Children's Home of Easton have timely access to psychiatric evaluations and medication management when needed.

This coordinated approach helps ensure mental health needs are identified and addressed quickly, supporting greater stability, continuity of care, and each youth's overall well-being.

EDUCATION WITHOUT INTERRUPTIONS

Our collaboration with the Wilson Area School District ensures that youth placed in our care experience zero interruptions in their education. By utilizing the Wilson Online Program, we provide residents with a seamless transition into a fully accredited, flexible digital curriculum tailored to their individual academic needs until an appropriate community school placement is secured.

MORE THAN A DAILY ROUTINE

Youth have opportunities to practice real-life skills, participate in wellness and community activities, access behavioral health supports, and prepare for their next chapter.
