WHO ARE THE KIDS?

Every child's situation is unique! For whatever reason, they cannot live with their families at this time. That's where foster parents play a big role! Every child deserves a safe and nurturing place to live, and foster parents help create as much normalcy as possible in the most abnormal situations.

WHO ARE THE FOSTER PARENTS?

Foster parents are regular people, just like you! Some may own a home, while others rent. Some have children, while others do not. Some are married, and some live alone.

The one thing that they all have in common is opening their hearts and homes to help a child in need.

IT'S EASY TO BECOME A FOSTER PARENT!

- Be at least 21 years old & a PA resident
- Pass all clearances, background screenings, and medical examination
- Training is provided by The Children's Home of Easton, and is designed to accommodate your schedule!
